The place where information about sightseeing, cultural exchange, etc., is distributed, with an appearance fitting the Illuminated City. There's a souvenir / local specialties corner.

Illumination Event (Summer Festival)

The Illumination Event is held in the Tomioka Shopping Arcade in the middle of the city. From the main meeting area in the vicinity of the JR Anan Station along the shopping arcade, several LED Illumination light murals like "Stardust" or "River of Heaven" produce their own seven-colored cosmos.

The fantastic glimmer lining the way makes the heart bound in amazement.

Illuminated City Anan Mascot LED ANAN

In 2002, the Anan Illumination Event began with the decoration of Ushiki Castle Park with 30,000 light-emission diodes(LEDs) donated by the world's first LED producers, a local Anan company, to the Anan Youth Association. Prompted by this event, in 2003, the city of Anan and the Anan Chamber of Commerce and Industry took a central role and set up the Anan Illuminated City Conference. The Conference works toward the goal of branding Anan as "The Illuminated City" utilizing the LED Illumination Event.

Illuminated City Anan Mascot LED ANAN I became the official mascot of Illuminated City Anan in the summer of 2005. Besides me, you can also see my many friends, who are green, black, and several other colors!
