

**LED ANAN  
Flash Tip**

The cape is where red sea turtles lay their eggs year after year. I wonder if you can witness the mysteries of life there (from May to August)

**Nature ⑦ Kamoda Cape** Phone/0884-22-3290  
(Anan Commerce and Industry Labor Administration Dep't)  
Parking Available/No Restrooms

**The Easternmost Cape in All of Shikoku**  
On a sunny day, one can see distant places such as Onaruto Bridge, Awaji Island, or Wakayama Prefecture from the cape.

**Nature ⑧ Tsubaki Nature Park**

Phone:/0884-33-1127

Free of Charge  
Parking(50 spaces)

**The Scenery of the 88 Wonderful Sites of Tokushima Stretches Below**  
In the roughly one hectare space of the park, three thousand individual flowers of seven types of wild camellia bloom all at once. From the park, one can look down upon the many island of Tachibana Bay, included among the " 88 Wonderful Sites of Tokushima."

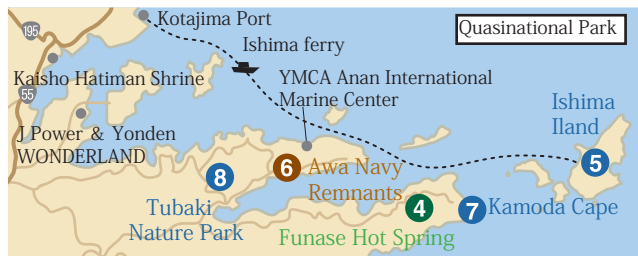

Red, beautiful niraikanai

Tiny princesses resembling cherry blossoms

Peach-crimson flowers with a rare petal shape

For a bit, I drove toward the "Farthest Reach."  
I soon saw a white lighthouse stand against a background of the blue sky and sea.  
It felt as though I could have seen endlessly on a clear, sunny day.  
It was a moment of feeling "limitlessness," which I seldom feel.

**Onsen Summary**

**The Island of the Ishima Sasayuri Flower**  
To the east of Kamoda Cape, with a circumference of approximately 9.5km, Ishima is home to its own beautiful, unique flower, the Ishima Sasayuri.

**LED ANAN  
Flash Tip**

You can enjoy surf fishing for bream and other fish along the perimeter of Ishima Island.

**⑥ Awa Navy Remnants**  
Historic site

Phone/0884-22-3290  
(Anan Commerce and Industry Labor Administration Dep't)

Jingobei Mori belonged to the Tokushima Clan and had command over the Awa Suigun, or navy. Command of the navy was passed down through the generations or Mori's family and continued to serve and protect Awa (Tokushima Prefecture)until the Meiji Era.
